6198 BUTLER PIKE • SUITE 150
 BLUE BELL, PA 19422-2600

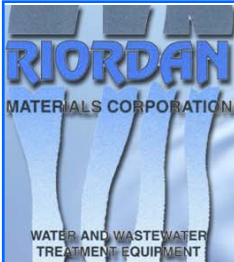

The Mission of Riordan Materials Corporation is to provide quality, cost effective solutions for our clients, while providing the best technical support services available before, during, and after installation. We are proud to represent the premier line of products for water treatment, wastewater treatment, odor control, solids handling, pumping, and biosolids processes. Our history of consultative sales, combined with our outstanding platform of equipment, provide you the best alternatives available.

Riordan Materials Corporation was formed by Mr. John Riordan on July 1, 1953, with offices located at Trenton and Somerset Streets in Philadelphia, PA. Riordan Materials' sister company, Industrial Materials, had been formed six years prior to Riordan and was the active firm. In 1967, Riordan Materials Corporation entered the growing wastewater purification process equipment field. Riordan made this move because different methods were necessary to market this equipment to a higher caliber technology group consisting of consulting engineers, municipal operating personnel and industrial environmental engineers.

Riordan Materials Corporation presently employs nine people to provide high quality equipment, service, and technical support for any water and wastewater project. Our staff looks forward to helping and assisting our potential and current customers in seeking solutions to water and wastewater related problems. We work closely with consulting engineers, industry, municipalities and regulatory staff. We are very active in the Pennsylvania Water Environment Association (PWEA), Eastern PA Water Pollution Control Operators Association, Central PA Water Quality Association, Western PA Water Pollution Control Operators Association, PA Rural Water Association, NJ Water Environment Association (NJWEA) and the Chesapeake Water Environment Association. We are also actively involved in the PA Section AWWA, Southeastern Section AWWA Operators Association, and PA Section Young Professionals Committee.

Our commitment to the water and wastewater industry emerges in our strong history and superior level of service throughout Pennsylvania, Southern NJ, Delaware, Maryland and the Washington D.C. area. The experience of our staff (licensed professional engineers, post graduate engineering degrees, certified operators) lends itself to assisting and understanding not only the economics of projects but also the detailed technical issues involved. This level of assistance is not available with a typical technical sales company. By not limiting ourselves to one process or equipment type, we are prepared to provide a complete solution, reviewing more than one option for all aspects of your project. We welcome the opportunity to work with you on any current or future projects. Call us today!

 Carl E. Janson Arthur W. Auchenbach III August T. Koloras Michael L. Wilks

CALL CARL, ART, AUGIE, OR MIKE FOR ALL YOUR WATER AND
WASTEWATER EQUIPMENT & PROCESS NEEDS!

WE ARE PLEASED TO REPRESENT THE FOLLOWING COMPANIES (EASTERN PA & SOUTHERN NJ):

- AMWELL** – Circular & Rectangular Clarifiers, Trickling Filter Distributors, Telescoping Valves, Collectors, Grit Collectors (amwell-inc.com)
- AMPHIDROME** – Packaged fixed film sequencing batch biological filter, AOx process (frmahony.com)
- AQUATURBO SYSTEMS** – Aerators, Mixers, (fixed & floating), Decanter Systems (aquaturbousa.com)
- CBI WALKER** – Claricone Clarifiers, Filtracone Modular Water Treatment Plant, Egg Shaped Digesters (cbi.com)
- CST STORAGE-MASSI** – Glass lined & bolted steel tanks (midatlanticstorage.com)
- CHARTER MACHINE** – Belt Filter Presses, Thickeners, Aftermarket Equipment (chartermachinecompany.com)
- CLARIFIERS INC.** – LA-EDI clarifier dissipating inlet (clarifiers.com)
- COOK LEGACY** – Water Intake Screen Systems (waterscreen.com)
- E&I CORPORATION** – Screens, Grit Removal & Conveyors, Chain Drives, Flocculators (eandicorp.com)
- E.E.E. AERATORS** – Floating Aerators and Mixers (eeeusa.net)
- ENVIRONMENTAL DYNAMICS INCORPORATED (EDI)**– Aeration Equipment (fine and coarse bubble diffusers), Floating Diffuser Systems, Lagoon Treatment Systems (wastewater.com)
- ENGINEERED FLUID INC. (EFI)** – Packaged Booster Pump, Metering, Well, & Disinfection Stations (PA ONLY) (engineeredfluid.com)
- ENVIRONMENTAL FABRICS** – Baffles, Covers, Liners (environmentalfabrics.com)
- EVOQUA/CAMBRIDGE**– BioMag Ballasted Biological Treatment Systems & CoMag Particulate Removal System (Evoqua.com)
- EVOQUA/DAVCO** – Factory Built & Field Erect WWTPs, Clarifiers, Sand Filters, Plate Settler Systems, Screw Pumps, Sludge Dryers, Retrofit Services, Disk Filter, Hydroclear Sand Filters, Rotor Aerators, Screw Pumps (Evoqua.com)
- EVOQUA/DAVIS** – Liquid Phase Odor Control, Odor Control Chemical Feed & Storage Systems (Evoqua.com)
- EVOQUA/JET TECH** – Sequencing Batch Reactors, ATADs, Jet Aeration, Digester Decanters, Floating Aerators and Mixers (Evoqua.com)
- EVOQUA/MEMCOR** – Pressurized & Submerged Membrane Microfiltration Systems, Membrane Bioreactors (Evoqua.com)
- EVOQUA/RJ ENVIRONMENTAL** – Vapor Phase Odor Control Systems, Chlorine Scrubbers, Adsorption Systems (Evoqua.com)
- FLOTTWEG** – Dewatering centrifuges (flottweg.com)
- FILTERONE USA** – Fine screens, washer/compactors, screw conveyors, grit concentrator classifier (filteroneusa.com)
- FLYGT/XYLEM** – Submersible Pumps and Mixers, Pump Station Accessories, Godwin backup pump systems, Controls (flygtus.com)
- FORD HALL** – Algae Sweep Brush Systems (PA ONLY) (fordhall.com)
- FRANKLIN MILLER** – Grinders, Comminutors, Shredders, Conveyor Screens (PA ONLY) (franklinmiller.com)
- FRESH CREEK TECHNOLOGIES** – Municipal & Industrial Stormwater treatment technologies (freshcreek.com)
- GNA CSO** – Combined sewer/stormwater systems (gnacso.com)
- HEADWORKS, INC.** – Premium Headworks Screening Devices, Automated Fine Bar Screen, Fine Perforated Screen, Fine Bandflow/Centerflo Screen, Spiral Screens (headworksusa.com)
- HEADWORKS BIO** – MBBR & IFAS treatment technologies, Modular HIT System (headworksusa.com)
- INOVAIR TURBO BLOWERS** - High Efficiency Turbo Blowers (inovair.com)
- IPM SYSTEMS**– Custom Polymer Feed Systems, Liquid Chemical Feed Systems, Storage & Process Systems (enpro-tech.com)
- ISHIGAKI** - Rotary Screw Press, Plate & Frame Press (ishigaki.co.jp)
- KLA SYSTEMS** – Jet aeration and mixing systems (klasystems.com)
- KUBOTA MBR** – Flat plate membrane bio-reactors (kubota-membrane.com)
- MERIT FILTER** – Dewatering Filter Media (meritfilter.com)
- MIDWESTERN FABRICATORS** – Fiberglass Covers, Stripping Towers, Odor Control Systems, Troughs & Weirs, Ducts & Stack Assemblies (midwesternfabricators.com)
- MITSUBISHI ELECTRIC** – Ozone Disinfection Equipment (meppi.com)
- NOREVA** – Nozzle Check Valves (noreva.de)
- OVIVO** – Digestivore Anaerobic Digestion Sidestream Treatment, Aeration and Digestion Equipment, Stainless Steel Clarifiers, Bar Screens (ovivo.com)
- PHI, INC.** – Pulsed Hydraulics Mixing System (phiwater.com)
- PSI MICROCLOR** – Onsite Sodium Hypochlorite Generation, Tank Shark Tank Mixing System (PA ONLY) (4psi.net)
- RAINBIRD** - Inline cartridge filters and separators (rainbird.com)
- RED ZONE** - Collection System inspection equipment & mapping equipment (redzone.com)
- S&N AIROFLO** – Floating Brush Rotor Aerators (airoflo.com)
- SANITHERM** – Flat Plate Package MBR Systems (sanitherm.com)
- TENCO-HYDRO** – DAF Systems, Oil/Water Separators, Sludge Concentrators (tencohydro.com)
- UGSI CHEM FEED** - Liquid & Dry Chemical Pump & Feed Systems (ugsichemicalfeed.com)
- WAGNER FLUID SYSTEMS** – Steel Package Treatment Plants (wagnerfluidsystems.com)
